

Cypress Lakes Golf Club

April 2023

For Tee Times: 850-937-3820 Pro Shop: 850-937-3821 Address: 2365 Old Chemstrand Road; Cantonment, FL 32533

Maintenance

Green Aerification

April 17th & 18th

Limited tee times available

This will be a full core aerification. The greens will be sandy and bumpy for 7-10 days. A necessary evil if we want our greens in the best shape we can get them. The weather plays a factor and can alter our itinerary.

PGA Jr. League

starting in June
Details coming in May.

Callaway Fitting Day

Coming May 13th

2023 Summer Junior Program

We will be taking entries starting May 5th

Age Groups: (7-14) age groups will be divided according to number of participants.

Beginner: has never played on course

Intermediate: has hit range balls and been on course but hasn't kept score).

Intermediate +: has played some but cannot break 50 for 9-holes.

Fee: \$70

Includes: Over 6-hours of PGA instruction, Daily skill contests with prizes, Daily individual & team play days, Entry into: Drive, chip, & putt championship & Summer Junior Classic

*Golf Balls

*Tees

*Prizes donated by Callaway & many other golf vendors.

*Beverages donated by Pepsi

Limited to the first 24 paid Juniors.

**Message from the General Manager &
Head Golf Professional:**

John H. Childs, Jr.

johnchilds@cypresslakesgolfclub.net

Members Note:

Please remember that everyone including members need to have a receipt to give to the starter. Even if you are walking.

On course issues:

If you see a group not adhering to our course rules & policies, please contact the Pro Shop.

Do not try to solve it yourselves. We have marshals that will handle it, if they cannot, John or Becky will.

Keep carts on paths around tees & greens

Please help us keep the course in the best shape possible. Andy and his crew are doing a fantastic job, please do your part.

Happy Easter!!

**A word from your Golf Course
Superintendent: Andy Woolston**

andywoolston@cypresslakesgolfclub.net

Spring is here! I hope the warm weather continues throughout the entire month. Increased sunlight and warmer night temperatures are what Bermuda grass needs to be at its best.

The Fipronil slit application (Mole Cricket control) that was scheduled for March 29 had to be rescheduled for Monday April 10th. Another important maintenance event this month is our least favorite, but very important, Aerification.

We are scheduled for the 17th and 18th of this month. We will be doing a conventional core aerification. We will do the front nine on Monday and the back nine Tuesday. Please contact the Pro shop for any changes that may happen.

Turf Tip of the Month

When temperatures stay in the mid 60's for lows it is time to start fertilizing warm season grasses. This is also time to treat mole crickets and fire ants.

Rule of the Month

Question: I realized I had 15 clubs in my bag before I started my round. Can I declare that I will not use one of the clubs during the round and keep it in my bag or do I need to leave it behind?

Answer: Leaving it behind is recommended but if not an option, you can declare which excess clubs will not be used. Turning them upside down in your bag is suggested.

Rule: 4.1c(2)

Good Luck! John

Our Tee Guidelines:

- #1 tee: 250+ yard avg. drive
- #2 tee: 225-249 yard avg. drive
- #3 tee: 200-224 yard avg. drive
- #4 tee: 175-199 yard avg. drive
- #5 tee: 150-174 yard avg. drive
- #6 tee: 125-149 yard avg. drive

Always play READY GOLF.

Pro Tip of the Month

The transition of your backswing and downswing is critical in hitting solid, accurate golf shots. The transition sets the tone for your swing path which dictates the direction the ball starts out. A loose casting move at the top will cause the club to cross the line and the ball will start out left of your target (right for lefties). This is the most common mistake. If you drop the club inside the line, the ball will start out to the right of your target (left for lefties). This is rare for golfers. There are a number of reasons why we make these mistakes.

1. Grip too loose at transition
2. Popping your hips
3. Bad alignment
4. Flying elbow
5. Spine angle change

If you are having this problem but unsure why, give me a call. I'll be glad to work with you to figure it out.
