# Summary of the 2019 rule changes

In a nutshell:

- No penalty if you cause your ball to move during a search or on the putting green
  - No penalty if your ball hits you or your equipment
    - Drop your ball at knee height
    - 3 minutes to search for a ball
    - You can repair spike marks on green
- You can leave the flag in while you putt
  - No more "equidistance option"
- You can touch or move loose impediments in a bunker
- You can ground your club when playing from inside a water hazard
- No penalty for double hitting a shot (i.e. the dreaded double hit chip)
- 40 seconds MAX to hit a shot (it shouldn't take you that long)

Hope this helps clarifies the bulk of the new rules.

Always play READY GOLF.

# A Big Thank You!

To all of you who contributed to our Employee Christmas Fund & Appreciation Tournament.

# Happy New Year!

#### A word from your Golf Course Superintendent: Andy Woolston

andywoolston@cypresslakesgolfclub.net

We in the maintenance department want to wish you a happy new year!

We are hoping for much less rain this new year. December was brutal, with almost 17" in the first 21 days of the month. When it is as wet as it has been, please stay on the cart paths and access road as much as possible. Remember turf does not recover when it is dormant, so the damage done stays until the grass starts actively growing again. However, that is the past and we have to enjoy today and deal with what is ahead of us. As the old saying goes tomorrow will bring it's own set of new challenges.

We will continue to trim up trees and bushes, unclog drainage, and replace damaged pipe. We have made great progress in our off- season restoration and maintenance of our equipment. It is our mission to do whatever we can to make Cypress Lakes an enjoyable place to play golf.

Andy

#### Turf Tip of the Month

January is a great month to get soil testing done. Any good interpretive program begins with testing. When a doctor evaluates a patient, he always runs medical test before making a diagnosis. It should be no different with your soil. Soils need the right balance of nutrients to provide the optimum soil environment to allow for the proliferation of beneficial microorganisms. When soils are healthy the turf is better able to absorb the right nutrients and withstand stresses. Your county extension office can help with soil testing information.

#### **Pro Tip of the Month**

The majority of people playing today do not play the appropriate tees for their game. Due to this issue, players are getting frustrated with the game and quitting. We watch these girls and guys on TV hitting wedges and short irons into par 4's, reaching par 5's in two shots but we are hitting fairway metals, hybrids, and long irons into Par 4's and taking 3 to 4 shots into Par 5's. Why is that?? WE ARE PLAYING THE WRONG TEES. I promise you, hitting a wedge or short iron into #9 or #18 greens make the holes a LOT easier and more enjoyable as well as having an eagle putt every now and then.

Try a round from the appropriate set of tees and I promise you, you will have more fun. The tee box you play should be determined by the distance you hit your average drive NOT your age.

#### Our New Tee Guidelines:

#1 tee: 250+ yard avg. drive #2 tee: 225-249 yard avg. drive #3 tee: 200-224 yard avg. drive #4 tee: 175-199 yard avg. drive #5 tee: 150-174 yard avg. drive #6 tee:125-149 yard avg. drive
