Key changes to the handicap system.

(You do not lose your past scores)

- Handicap will be based on best 8 of last 20 scores
- Slope rating and now course rating and par will be used to determine a "playing handicap," allowing players to compete from different tees on the same course more easily.
- The maximum hole score for handicap purposes will be limited to net double bogey (par + 2 + any handicap strokes received).
- Players' handicap indexes will update the day after a score is posted.

Congrats to our Travel Group Top 10 Winners:

- 1st...Stan Wehmeier (\$445)
- 2nd...Jim Andrews (\$406)
- 3rd...Rodney Pennock (\$378)
- 4th...David Frederick (\$329)
- 5th...Dale Bain (\$302)
- 6th...John Childs (\$271)
- 7th...Roy Price (\$269)
- 8th...John Chapman (\$229)
- 9th...Jackie Ray (\$195)
- 10th...Jim Mills (\$193)

Happy New Year! This will be an exciting year at Cypress Lakes. We are getting bids and planning some significant projects this year. We are also working on equipment this off season. Our aim is to improve the quality of cut on our turf.

Thank you for your support last year. It meant so much to me. The close community atmosphere of this club is special and what sets it apart from other clubs I have been around. We are blessed to have an affordable, fun place to play. Thank you for what you do to make Cypress Lakes a great place to play golf.

Turf Tip:

January is a great month to get soil testing done. Any good interpretive program begins with testing. When a doctor evaluates a patient, he always runs a medical test before making a diagnosis. It should be no different with your soil. Soils need the right balance of nutrients to provide the optimum soil environment to allow for the proliferation of beneficial microorganisms. When soils are healthy the turf is better able to absorb the right nutrients and withstand stresses. Your county extension office can help with soil testing information.

Pro Tip of the Month

Lock in the angle of back hand through out your putting stroke. Back hand unhinging is easily the #1 cause of “the yips” or missed short putts.
