See John or Becky for info.

**Were did all the Range  
Bucket go?**

Please do not take the range buckets off property. If you have, please return them. Our supply has dwindled down to the point we will have to re-order at the end of this month if many are not returned.

**Towels needed**

We will take any old towels you may be throwing away in the near future.

We use them for golf cart maintenance.

*Always play **READY GOLF.***

**Message from the General Manager &  
Head Golf Professional:**

**John H. Childs, Jr.**

[johnchilds@cypresslakesgolfclub.net](mailto:johnchilds@cypresslakesgolfclub.net)

We had a great turnout this year for our Spring Golf League. Congratulation to this year's winners, Jim Mills & Ed Soyka. Weather was not on our side with 5 days rained out but we got nine rounds in. Hopefully the Fall League will be better weather wise. Get a partner and sign up for this year's Thursday Fall League. We will begin August 15<sup>th</sup>. Sign up in the Pro Shop.

It is hard to believe it has been a year with the new golf carts. I hope everyone is enjoying them. I would like to know how you like them compared to the Club Car electric golf carts. Please let me know by swinging by my office or emailing me.

The weather is crazy hot so please hydrate while you are on the golf course. Remember, we have complimentary coolers that attach to the carts. Check them out at the counter (no charge).

I hope everyone has a Happy July 4<sup>th</sup>.

Superintendent: Andy Woolston**

Transition is about complete on putting greens and scars from our in-house "core" aerification are just about gone. We will continue periodic verticutting and light topdressing throughout the Bermudagrass growing season to ensure quality playing conditions. Aerification is necessary to control thatch, increase water infiltration, improve nutrient uptake, relieve compaction, and allow for oxygen and carbon dioxide exchange. I know putting on aerified greens is frustrating, but I guarantee the benefits will be worth the inconvenience.

To repair the back of #13 green we have sprigged the bare area. Please keep off this area so that recovery will be expedited. We should be back on it in August.

I am still in the process of putting my staff together so please be patient with the #3 tee box improvement project which we hope to begin later this month.

*Andy*

### **Pro Tip of the Month**

The transition of your backswing and downswing is critical in hitting solid, accurate golf shots. The transition sets the tone for your swing path which dictates the direction the ball starts out. A loose casting move at the top will cause the club to cross the line and the ball will start out left of your target (right for lefties). This is the most common mistake. If you drop the club inside the line, the ball will start out to the right of your target (left for lefties). This is rare for golfers. There are a number of reasons why we make these mistakes. Here are just a few but most common:

1. Re-gripping during transition. Check your pressure points and gaps (Oct. 2015 tip)
2. Flying elbows. Don't let your elbows separate (Last month's tip)
3. Tilting or dipping the shoulders. There should only be a slight tilt of the shoulders throughout the swing. (Feb. 2011 tip)

*Try these tips and I promise they will help your game.*

### **Tips to speed up play**

***Park your cart or leave your bag between the green and the next tee.***

### **LGA Wednesday**

#### **Play Day**

**We are off for the summer.  
See you in the Fall.**

### **Rule of the Month**

**Question:** After replacing my ball on the putting green, I accidentally moved my ball with my putter. What do I do and is there a penalty?

**Answer:** The ball must be replaced on its original spot and there is "no" penalty.

**Rule: 13.1d**

#### **Our Tee Guidelines:**

- #1 tee: 250+ yard avg. drive
- #2 tee: 225-249 yard avg. drive
- #3 tee: 200-224 yard avg. drive
- #4 tee: 175-199 yard avg. drive
- #5 tee: 150-174 yard avg. drive
- #6 tee: 125-149 yard avg. drive
