The weather is crazy hot so please hydrate while you are on the golf course. Remember, we have complimentary coolers that attach to the carts. Check them out at the counter (no charge).

Fall League begins August 13<sup>th</sup>. We are limited to the number of teams so get a partner and sign up now. The League is 9-holes every Thursday at 4:00pm for ten weeks.

We are still in need of towels for the golf carts. If you have any old ones, we will take any sizes. Thank you.

Travel Group is heading to AC Read this month on Friday, July 24<sup>th</sup>. Tee times will begin at 8:15am. The cost is \$57. The Golf Pro said that the Pass and Tag office is open 7-days per week from 8:00am-3:00pm. You must wear a mask in the building. 6-month passes are available. Unfortunately, the restaurant is not open so no breakfast or lunch.

**A word from your Golf Course  
Superintendent: Andy Woolston**

We hope you have noticed that we have started working on some of the bunkers. Our first step is to find existing drainage and attempt to flush it out. If we can not find drainage, we then trench in a new pipe. The sand will be soft for a while. Please be patient until we complete much of the work. We will then rent a tamper to firm the sand.

Shortly we will be starting on Tee renovation. Our plan is to have some progress by the next newsletter. Thanks for your support.

**Monthly Tip**

Warm season turf should be growing best this time of year. If it is not doing well, it is time to start investigating as to why. Negative factors include insect damage, disease, too much shade, tree/shrub root competition, not enough or too much water, and not enough or too much fertilizer

*Andy*

**Golf Humor**

The Easiest way to hook a ball is to try to slice it.

**Rule of the month:**

**Question:** I was in the rough and there was a long blade of bahia grass behind my ball. Can I bend it or yank it out of my way?

**Answer:** No, you cannot bend, break, or move any growing or attached natural object

**Rule:** 8-1a

## **Pro Tip of the Month**

The transition of your backswing and downswing is critical in hitting solid, accurate golf shots. The transition sets the tone for your swing path which dictates the direction the ball starts out. A loose casting move at the top will cause the club to cross the line and the ball will start out left of your target (right for lefties). This is the most common mistake. If you drop the club inside the line, the ball will start out to the right of your target (left for lefties). This is rare for golfers. There are a number of reasons why we make these mistakes.

1. Grip too loose at transition
2. Popping your hips
3. Bad alignment
4. Flying elbow
5. Spine angle change

*Try these tips and I promise they will help your game.*
