Do you like the David Feherty show? If so, you might want to check out his show live at the Saenger Theatre September 19th at 7:30pm. The cool thing about it is, all proceeds go to The First Tee of Northwest Florida.

The American Legion Post 340 is having their annual Golf Tournament here at Cypress Lakes. It is a 4-person scramble and they have extended a discounted rate of \$45/person to all of our members. You do not have to be a member of the Legion to play. The tournament is November 2nd at 8:30 with lunch afterwards at the Legion Post 340. For more information, come see me.

The travel group is going for the first time to Eglin's Eagle Golf Club on September 20th. Contact me or Becky to sign up.

Don't forget to sign up for this year's Club Championship scheduled for October 12th & 13th. Gross & Net divisions.

A word from your Golf Course Superintendent: Andy Woolston

andywoolston@cypresslakesgolfclub.net

September should be a little drier and less humid if we can avoid getting any tropical systems coming our way. We are still busy with mowing and set up on a daily basis. This month we are also spraying pre and post herbicides to suppress weeds.

Our continued goal is and always will be to improve the golf course. The excessive rain we have had the past few weeks has not only made it challenging to mow but also to do routine maintenance practices. One thing you can help with is by keeping the carts (and pull carts) out of wet areas and on the cart paths around the tees and greens. I prefer not to put ropes out and with your help, I won't be forced to. Thank you for your support as we strive to make Cypress Lakes Golf Club a fun place to play golf.

Turf tip:

Late season fertilizer should contain a high percentage of Potassium. There are three numbers on a fertilizer analysis. The first number is Nitrogen, second is Phosphorus, and the last number is Potassium. Potassium is important for root development, increases plant hardiness, and aids in spring green up.

Golf Humor:

You know you are having a bad day when you lose your ball in the ball washer.

Pro Tip of the Month

It's HOT!!

If your hands sweat a lot you probably wear a glove. To prolong the life of your gloves and for better performance, alternate them between holes. Never wear a glove for two holes in a row. In this heat, I rotate 3 gloves during the round. The gloves dry out before rotated back in to play. Your gloves will last longer and perform better.

DO NOT leave your clubs in your trunk during the summer. The trunks get so hot that it can ruin your grips and it could also loosen the heads of your clubs.

Try these tips and I promise they will help your game.

Tips to speed up play

If your group takes longer than 13 minutes per hole, you are playing too slow.

LGA Wednesday Play Day

We are back starting
Wednesday, September 4th at
8:30am .

Call or Check in by 8:00am

Rule of the Month

Question: I accidentally moved my ball while I was on the putting green. Is there a penalty? What do I do?

Answer: When a ball is in play and you caused your ball to move, you have to move it back to the original spot and add one penalty stroke. But, there is now an exception if you are on the putting green. Therefore, no penalty.

Rule: 9.4 exception 3.

Tee it Forward!!!

Give it a try. You will have more fun.

Our Tee Guidelines:

#1 tee: 250+ yard avg. drive
#2 tee: 225-249 yard avg. drive
#3 tee: 200-224 yard avg. drive
#4 tee: 175-199 yard avg. drive
#5 tee: 150-174 yard avg. drive
#6 tee: 125-149 yard avg. drive
