We are looking for Volunteers for our Transportation Program. We want to start shuttling guests from the lower parking lot. If you are interested and have a friendly personality, contact me or Thomas for details.

Your old clubs may have value.

I am looking for the following used clubs
(less than 15 years old):

**Drivers, Fairway metals, Wedges,
Putters, and Iron sets**

Bring them to my office and I will come up
with an offer.

**Spring Junior Golf League
begins March 17th.**

Limited space available.

See details on next page.

**A word from your Golf Course
Superintendent: Andy Woolston**

andywoolston@cypresslakesgolfclub.net

So far this has been one of the colder winters I have seen since I have lived in this area. Our Bermuda is very dormant and unable to recover from any damage. Please help us by staying on cart paths when wet and avoiding wet areas that are not roped off. Please stay off the new sod on #11 until it is rooted. It is to be played as ground under repair. You can take a free drop outside of the area (nearest point of relief, no nearer the hole). This project will provide a much better playing surface as well as reducing the erosion problem.

Thank you to those that have used the mats as they are meant to be used. I know we all would prefer not to use the mats. Due to the influx of play, to sustain a quality driving range tee, the use of mats during the winter months is now a necessity. If we do not leave a decent base, it will take most of the summer to grow it back.

Our crew has been busy working on irrigation upgrades along with equipment repair and maintenance. Help keep the greens smooth by not shuffling your feet and tapping down any marks before leaving the green. We will do our best to make Cypress Lakes a fun place to play golf.

Turf Tip of the Month

Now is the perfect time to get ready for the upcoming growing season. It is pruning time for most trees and bushes. Get soil samples sent in if you have not already done so. Start applying pre-emergent herbicides to control crabgrass. 0-0-7 with Prodiamine is a good example.

Andy

Rule of the Month

Question: I see so many people dropping the ball differently. How do you properly drop a ball in Relief Areas?

Answer: You must drop the ball straight down from knee height (standing knee height, not kneeling height).

Rule: 14.3b

Good Luck! John

Pro Tip of the Month

Chipping tip:

- Feet width should be the width of your clubhead.
- Ball position more towards your back foot.
- 70% of weight on front side.
- Hands by your front leg.
- Maintain club angle through the stroke.
- Rotate around your front leg, keeping the 70% of your weight there.
- Control distance by how far back you swing and how much you accelerate through.
- Make sure your hands are ahead of the clubhead at impact.
- Hold your follow through and make sure the clubhead is pointing to the ground and behind your hands.

Etiquette 101

If there is an open hole in front of you and there is a group waiting on you, let them go through. No matter how fast you are playing. Just because your pace may be under 2 hours per nine, always let faster players play through.
