- #5 tee: 150-174 yard avg. drive
- #6 tee: 125-149 yard avg. drive

**Please play  
READY GOLF!!!**

**A word from your Golf Course  
Superintendent: Andy Woolston**

[andywoolston@cypresslakesgolfclub.net](mailto:andywoolston@cypresslakesgolfclub.net)

This winter has been busier than most. We replaced most of our irrigation isolation valves, replaced all our irrigation control boxes and updated to a new central computer system. We are also in process of replacing 100 irrigation heads. The crew did a lot of brush and tree removal. We will be opening the #5 tees that were built last November sometime this month. The grass on #11 will take a couple of months to grow in before we open it up. Please avoid going into the area. The cart path addition on #2 is complete and we will wait a few days for it to cure before allowing carts on it.

As usual we are in a constant battle with weeds and insects. Thanks for your support as we do our best to make Cypress Lakes a fun place to play golf.

**Tip of the month:**

March is a transition month with ever changing conditions. This is hard on many plants because they are coming out of dormancy and have tender new growth. Still stay aware of low temperature and cover your flowers and plants if necessary. It is best not to overfeed plants until the weather gets more consistent.

*Andy*

**Rule of the Month**

**Question:** I was about to putt and I accidentally bumped my ball. It moved about an inch. What do I do? Is there a penalty?

**Answer:** Move the ball back to where it was and no penalty.

**Rule: 13.1d1**

**Good Luck! John**

## **Pro Tip of the Month**

*Are you setting up correctly & using the correct stroke with the type of putter you use?*

First, you need to determine how your putter is balanced. Balance your putter with your finger. If the toe of the putter drops, you have a “toe weighted” putter. If the putter face stays level, you have a “heal/toe balanced” putter. I don’t know of a putter that is “heal weighted”.

If your putter is “heal/toe balanced”, your eyes should be directly over the ball and you should be using a pendulum type of putting stroke. If your putter is “toe weighted”, your eyes should be back from the ball and your putting stroke should be more of an arc style stroke.

This could be an easy fix to your putting problems. *John*

## **Follow us on Facebook**

**for course announcements:**

<https://www.facebook.com/cypresslakes.golfclub/>

## **Etiquette 101**

Take your time when raking the bunker after use. Try to leave it the way you would want it to be. Leave the rake on the edge inside the bunker.

## **LGA Wednesday Play Day**

**Feb. 4<sup>th</sup>**

**No game, too cold**

**Feb. 11<sup>th</sup> (Lemon Drop)**

1<sup>st</sup> Paula Austin, 2<sup>nd</sup> Gay Landers, 3<sup>rd</sup> Denise Oleske
