May is typically our transition month as the cool season grasses fade out and the warm season grasses take over. The same thing is happening with weed populations. We have cool season weeds and warm season weeds. That is why it is an ongoing effort to control them. May is also the true kickoff to our growing season. We green up before May, but the turf is not filling in or recovering. When the night lows are in the mid to upper 60's on a consistent basis, the Bermuda will begin to thicken up. We are looking forward to settling into our summer mowing routine. Thank you for helping us make Cypress Lakes Golf Club a fun place to play.

Tip of the month:

Now is a good time to fertilize your lawn and sharpen your mower blade. Stay hydrated.

Rule of the Month

Question: Can I remove a loose impediment in a bunker or a penalty area?

Answer: Yes, you can remove a loose impediment anywhere on or off the course.

Rule: 15.1a

Good Luck! John

Pro Tip of the Month

Want to be more consistent, keep your spine angle constant until impact. If you want to see how much you are moving, take practice swings with your shadow in front of you. You will be surprised how much you move. Rotate the body, don't slide the hips.

Let the Aces Fly!

Mike Mosely made his 2nd hole-in-one on #4 using an 8-iron from 110 yards.

Robert Dyer made his 1st ace on #4 using a 6-iron from 144 yards.

Congratulations!
