**Message from the General Manager &
Head Golf Professional:**

John H. Childs, Jr.

johnchilds@cypresslakesgolfclub.net

We need your help!!!!

I think everyone can agree that the golf course is super busy and tee times are hard to come by. Please contact the course if you cannot make your tee time or if you group is reduced in size. "No Shows" not only costs the club money but it also does not give us time to fill the slot. Any advanced notice is helpful even if it is an hour before your time. Thank you in advance for helping us out.

Christian Griffiths, PGA Apprentice will be offering a Fall Junior clinic series beginning in October. This will be different than our past Fall Junior Leagues but hopefully in a good way. Details coming soon.

**Sign up for this year's Club
Championship.**

Don't get left out.
October 17th & 18th

Look who made his 1st Ace!!

Congratulations to Wesley Schmidt for making his first hole-in-one on #8 with a 6-iron from 171 yards.

Matt, Tyler, and Max Schmidt got to witness the great shot. Something the family will never forget.

**A word from your Golf Course
Superintendent: Andy Woolston**

andywoolston@cypresslakesgolfclub.net

September should be a little less humid, if we can avoid getting any tropical systems coming our way. We are still busy with mowing and set up on a daily basis. This month we have a small core aerification coming up on the 21st and 22nd.

Last month they started working on finishing the last of the cart paths. Hopefully, with good weather that will get completed this month.

We are currently spraying pre- and post herbicides to suppress weeds. Cooler temperatures are sure to be coming soon. As always we strive to make Cypress Lakes a fun place to play.

Turf tip:

Late season fertilizer should contain a high percentage of Potassium. There are three numbers on a fertilizer analysis. The first number is Nitrogen, second is Phosphorus, and the last number is Potassium. Potassium is important for root development, increases plant hardiness, and aids in spring green up.

Andy

Rule of the Month

Question: During my backswing, I noticed my ball moved. I continued my swing and hit the ball. What do I do? Is there a penalty?

Answer: Play the ball where you hit it. There is only a penalty (1-stroke) if you caused the ball to move.

Rule: 9.1b

Pro Tip of the Month

Don't leave your clubs in your car during the dog days of summer. The temperature in the car can get up to 70 degrees hotter than the outside temperature if in direct sun. This amount of heat can melt the glue that holds the head of your clubs on and the head can go flying off. I have had to replace close to a dozen heads this summer. All had left their clubs in the trunk of their car. It is best to store your clubs inside your house. The garage is ok but it gets hot in there as well.

John

**Please play
READY GOLF!!!**

Etiquette 101

Rake the practice bunker after using it. Leave it the way you would want it left for you. Same thing applies for bunkers on the course.

Thank you!

Used Drivers

If you have any drivers that are less than 10 years old that you have sitting around your house, they may have some value. Bring them to John and he will tell you what it is worth and maybe make you an offer.

LGA Wednesday Play Day

Off for the summer
